

Presence of traverse route does not imply safe passage.  
Absence of crevasse symbol does not mean that crevasses are absent.

# LAMBERT OPERATIONS AREA

SCALE 1:1,000,000  
Projection: POLAR STEREOGRAPHIC  
Central Meridian 70°E, Standard Parallel 71°S  
Spheroid: WGS84  
Map compiled from the Australian IMW sheets SO39-40, SO43-44, SR39-40, SR41-42, SR43-44, SR40-42 and SR43-45.  
Amended May 1984 - data from Lambert Glacier Basin Traverses and other sources by M. Higham.  
Produced in August 1994 by Australian Surveying and Land Information Group for AUSTRALIAN ANTARCTIC DIVISION.
