BUNGER HILLS
AUSTRALIAN ANTARCTIC TERRITORY - WILKES LAND, QUEEN MARY LAND
SHEET 2 OF 2

MAP RELIABILITY: Compiled in 1988 from paper prints of Soviet Antarctic Expedition 1:50,000 series mapping published in 1958. Because of reproduction from paper prints, errors may have been transferred to this map.

CONTROL STATIONS: The control stations established on this map were established by Doppler triangulation in February 1988. NOMENCLATURE: Some names, however, may not be in conformity with the Australian Antarctic Names and Place Model Committee. See the current Gazetteer for approved names.

- Contours on ice-free area
- Contours on glaciers and ice shelf and front
- Snow glacier
- CIR
- Crevasses
- Meltwater stream and lake
- Survey control station (monumented)
